

WHAT IS EBPP

**Late receivables - gone.
Printing and postage - gone.
No integration required - get
started today!**

The CenPOS **Electronic Bill Presentment & Payment (EBPP)** allows you to invoice electronically, so you get paid faster and customers are on the road quickly. Significantly reduce the employee effort and expense of collecting accounts receivable by automating processes and reducing barriers to efficient payment. Consumers or wholesale buyers can view invoices immediately and pay directly by card or check from their computer or smartphone, and securely store payment data for repeat use.
